### MRS. DICKERMAN STATES SHE WAS HALF HEARTED

Was Persuaded to try Tanlac and now Feels Like a New Woman.

One of the most remarkable statements so far made, regarding the master remedy, Tanlac, comes from Mrs. Violet Dickerman, who resides at 826 West Douglas, Wichita, Kans. She said:

"I have been a sufferer of kidney trouble for several years. I had rheumatism in my shoulders and limbs, and severe pains in the small of my back, which made me unable to do my work. I could get but very little sleep, as the pains were as severe when lying down as when on my feet. I had taken lots of medicine but without results, and had about made up my mind that nothing would do me any good.

"I was persuaded to try Tanlac and I did so in a half hearted way. The first bottle gave me some relief, and I commenced to have hopes that I might regain my health. I purchased more of the Tanlac, and I can say to every- body in the world, with a happy feeling, that the second and third bottle made me feel like a new woman. The pains in my back have gone, the rheumatic pains in the shoulders and limbs are no more, and I sleep without any trouble. I can say to all sufferers from kidney trouble, take Tanlac, if you want to be relieved."

Tanlac, the premier preparation, referred to by Mrs. Dickerman, is being praised daily by people in all sections of the states of Kansas and Missouri, for the great benefits the master medicine has brought to them.

Tanlac can be obtained in Jasper at the H. F. Pitts Drug Store.

### BLUE STAR.

Mrs. MYRTLE COINER.

George Budd and wife were Lamar visitors Friday.

The Heckman young folks spent Sunday evening at Charles Johnson's.

## Maxwell The "Wonder Car"

### Quiet Clutch—Runs in Oil

The clutch of the new Maxwell operates in a bath of oil. This makes it remarkably smooth and velvety in engagement, and eliminates 80 per cent. of noise when the gears are shifted.

Designers of the highest-priced cars agree that the clutch should run in oil.

The Maxwell clutch and transmission mech- anism is fully enclosed.

We are waiting to take you for a test ride in the car that has broken all low "First-Cost" records, and is breaking all low "After-Cost" records.
